

HAMPTON ROADS VETERINARY HOSPICE HOSPITAL PARTNERSHIP PROGRAM

Since 2011, Hampton Roads Veterinary Hospice (HRVH) has provided compassionate in-home end-of-life care for families and their companion animals to our Hampton Roads community. We are one of the first AAHA-accredited mobile end-of-life care providers and our doctors and veterinary technicians are all fear-free-certified. We are grateful for your trust and referrals over the years and have launched this complimentary partnership program to give back to you and support pet families.

Benefits for your Hospital:

- **Pet Owner Retention:** Studies show that 20-25% of pet owners change vets after pet loss (Compassion Understood, 2020).
- **Client and Staff Well-being:** Home end-of-life care reduces stress, burnout, and compassion fatigue.
- **Discounts & Education:** Opportunities for in-hospital or online end-of-life training for your team, led by one of our Caring Pathways veterinarians.
- **Complimentary and Discounted Caring Pathways Services for your Staff**
 - Complimentary in-home euthanasia services for your team's beloved furry family members.
 - Complimentary flame cremation through our trusted provider, Agape Pet Services.
 - Discounts off of in-home Hospice and Palliative Care appointments.

Benefits for your Clients:

- **VIP Scheduling:** Access to an exclusive HRVH Hospital Partner email address and client referral form so that our team reaches out to your clients to facilitate scheduling.
- **Complimentary Virtual Quality of Life Consultations:** As an initial connection, each of your clients is eligible to receive a complimentary, 30-minute Virtual QoL Consult with one of our veterinary professionals.

Your Commitment

We understand that a big part of using the HRVH services is awareness. All we ask is that you recommend HRVH as an option to clients with pets facing a terminal diagnosis or nearing life's end. We provide support through in-home hospice, palliative care, quality-of-life assessments, and euthanasia services.

What Our Clients are saying about HRVH

"We are so grateful for the services of Hampton Roads Veterinary Hospice. When our sweet beagle was diagnosed with cancer, I contacted them to gather information in case we ever needed their help. They were kind, patient, and explained everything clearly. Sadly, when Brownie's cancer progressed, I had to schedule a home visit. Dr. Barrow was incredibly kind and loving to Brownie, giving us space to say goodbye before respectfully taking her. THANK YOU for allowing Brownie to be at home, surrounded by her family. We are forever grateful!"

~Testimonial from a HRVH Client, Mary
